

On the way back to the new normality

Travel Security during and after the Pandemic

Travel Planning in the Pandemic

Hygiene when Travelling

Choice of and Behaviour in
Accommodations

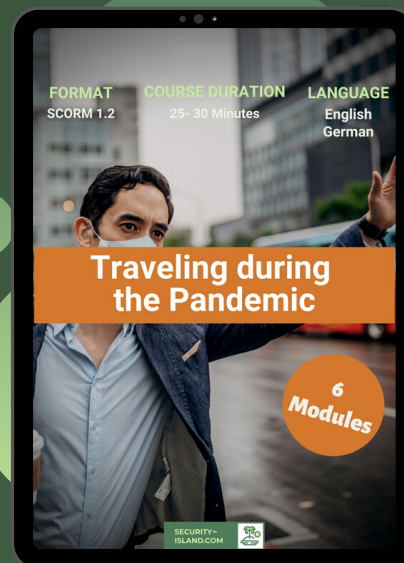

Selection of and
Behaviour in Means of Transport

Data Protection when Travelling

Emergency Resources and Management for Business Travel

With this e-learning course we support you in preparing your employees for a business trip that is as safe as possible. The listed topics take into account the **SARS-CoV-2 occupational safety standard**. The course can also be adapted to individual travel processes, destinations and the corporate design of the company.

”

BEFORE THE PANDEMIC IS AFTER THE PANDEMIC! THE NEW NORMALITY WILL ALSO BE DIFFERENT ON BUSINESS TRIPS THAN WE WERE USED TO BEFORE THE CRISIS. ACCORDINGLY, COMPANIES WILL HAVE TO INTRODUCE AND IMPLEMENT SECURITY MEASURES AND PROCESSES TO PROTECT THEIR TRAVELLING EMPLOYEES.”
